### Discussion

B777/776 personnel had requested that CDPHE approve the management of remediation waste under CERCLA/DOP authority prior to approval of the facility's CERCLA Strategy document. Edd Kray (CDPHE Point-of-contact for B777/776) had discussed this proposal with Chris Gilbreath, CDPHE. After consultation with Mr. Gilbreath, CDPHE has determined that the following wastes can be managed as CERCLA remediation wastes prior to approval of the facility's CERCLA strategy:

Lead (D008); and  
Circuit boards (D008/D011).

CERCLA storage/management areas will be entered into WEMS and tracked by Environmental Compliance.
